"PK" Security Seal

"PK" number indicator seal is designed for recording facts of illegal access to containers, vans, reservoirs, rooms, packets, bags and many other objects which don't require sealing by power security seals.

Technical Characteristics:

Locking gear: four-lobed grip made of heat-resisting material;
Length of business end: 180 mm;
Diameter: 3.5 mm;
Material of seal: polypropylene with nylon;
Placing the number: by dry transfer printing;
Placing the individual logotype: by tampon printing;
Placing: by hand, without using special tools;
Removal: by hand, or using shears or knife.
Temperature range of using: - 50°C...+80°C
The cost of seal depends upon volume of the order.
When ordering more than 1,000 pieces customer's logotype is placed on the seal free.
