Commercial Offer

Chief General Manager
Traffic Manager
Purchasing Manager

Dear Sirs,

We would like to offer you ZPU 5.2 mm security seal which is a universal device allowing protecting of cargo transport (refrigerators, containers, commercial vans), storage rooms, storehouses and many other objects having the diameter of holes in lugs of breech pieces more than 5.5 mm securely against illegal access.

Combination of sound design of breech piece with high indicating and ease of device brings ZPU 5.2 mm seal to one of the leading places in the category of power security seals.

Technical Characteristics:

Wire rope length	1, 000 mm
Wire rope diameter	5.2 mm
Mass	240 g
Breakup withstand load	min. 2,000 kg f.
Assembly	Manually, without special tools
Time of assembly on the object	min. 10 sec.
Pulling-off	By alligator shears for cutting steel-wire ropes
Sequential number	Seven-digit, nonrecurring
NEW! Built-in units	Authenticity sensor*
Customer's logotype	By ordering more than 5,000 security seals

*To exclude trying to counterfeit ZPU authenticity sensor is mounted into the seal body, contacting with which Authenticity Alarm Sounder sets typical signal.

ZPU 5.2 mm got through criminal and firefighter technical examination of the Ukrainian Ministry of Internal Affairs, protected by the Ukrainian patent No.292.

Certification test and conformity certificate No. UA 1.097.12490.00 dated June 26th, 2000 prove compliance of ZPU with all the requirements of technical conditions and "Rules of Using Locking and Seal Devices during Shipments".

The cost of ZPU 5.2 mm security seal depends upon the volume of non-recurrent supply.

On the customer's requirements' basis our company is able to offer you the range of modern security seals corresponding to the world standards, as well as to give consultations as to the problems interesting for you.

We invite you for cooperation!
